---

If you are mining solo, the estimated expected Bitcoin earnings can vary greatly depending on your luck and stale/reject/orphan rate.. To reward people contributing, the currency is designed to award those who help with tokens of the crypto-currency.

Zcash being a new crypt-currency, it's the best time to start mining it What is mining? Mining is the process by which new crypto-currency comes to life: people, like you, dedicate resources on their computers (or ) to run a program whose role is to analyze and validate the transactions done on this blockchain.
